Per Scholas   Philadelphia, PA
Java Application Developer Bootcamp   *Completed: Mar 2020*

TECHNICAL SKILLS

Languages	**Database**	**Tools & Platforms**
Java, Python, JavaScript, PHP, HTML & CSS	SQL, MySQL, HeidiSQL, MariaDB, phpMyAdmin	IntelliJ, PyCharm, Git, Bash, Tomcat, Spring Boot, MVC, Jira, Bitbucket, Postman

PROJECTS

Mobile Casino – Collaborating with a team of 3 members to build a casino application that run across platform. My challenge is to back-end of Street Craps Dice game, and to build testing for the application. Technology used to complete the project is Java and Spring Boot

COVID-19 TRACKER – Independently developing an app for users to search and watch the current event of virus (corona virus) infection around the world. This project is used Java, jQuery, and CSV Reader.

Student4Student – Collaborate with team of 4 to built a responsive web application that allows students to trade with others within the campus. My challenge is to build a Register page and a User message page with JavaScript

EXPERIENCE

YIKES   Philadelphia, PA
